3:30 PM : Meeting begins

3:31 PM : Prototype Presentation

Add a 3D visualization for the tricks in slow motion, Focus on 3D model first and possibly create videos later

Change the Heads Up to Skate(1v1)

Customization is approved about the custom skateboard

Possibly upload skateboard/set up to save them in the game

3:41PM Arduino Discussion

Bluetooth connection with the Arduino board.

3:44PM Recurring meeting every Thursday @ 3:30PM

Focus on board stats and social features and then on the learning and tutorials.

Message Raymund on WhatsApp rather than Email.
